

CHRIS AND SUSAN BEESLEY

**“6 Plus 3” Personal
Coaching & Mentoring
Program**

Why Coaching and Mentoring?

Ever since we started our online journey nearly 10 years ago we have recognised the importance of coaching and mentoring. Our very first mentor was 27 years old and we were in our mid-fifties...it took a huge mindset shift to realise that we could be coached by someone younger than our children.

But he had done what we wanted to achieve and was prepared to help and guide us.

Our decision to work with him is probably the biggest contributing factor to us being here today and being able to help so many other people to achieve their ambitions and dreams.

Having someone to show you the way, show you the shortcuts and keep you accountable is priceless.

What's Included

Coaching & Support

The "6 plus 3" program includes six personal video calls with us followed by three months ongoing "text" support.

Video calls will normally be via Zoom and will be recorded and sent to you for downloading following each call. The video calls must be taken within two months of commencement of the program and will be at mutually agreed times.

Text support will usually be via Skype, Facebook Messenger, Email, WhatsApp, mobile or any other agreed method of communication.

You will be given "homework and tasks" to complete and it is expected that they are completed

You will have "text" access to us for questions etc. between calls

Success in this program is a two-way process and commitment and effort is expected from you for the entire time

Overview

1. Review of “where are you now”
2. What do you want to achieve & how are you going to get there
3. Creating & building your brand for long term business stability
4. Marketing – what are you doing & what should you be doing to create leads and sales, including funnel creation & your target market
5. Managing expectations, keeping you on track, accountability & step by step success

Pricing

£3000 for the complete program payable on commencement

Please contact us if you have any final questions
